WE GUARANTEE OUR TREES TO LIVE

ONE AND TWO YEAR OLD SEEDLINGS — THE TREES YOU WILL BUY IN 1936 AND 1937

Because — MAINE GROWN TREES ARE HARDY

Many letters from our customers south of the Mason and Dixon Line tell us our trees live where others have died.

500,000 TREES —

Were purchased from us by the STATE OF WISCONSIN in 1932 and another 200,000 in 1933 — when the STATE OF WISCONSIN buys trees it wants the best.

SERVICE for UNCLE SAM

Last spring the U. S. Forest Service bought 175,000 4 yr. 2-2 white spruce trees. We received a wire order marked "RUSH." Ten hours from the time we started to dig the trees they were on their way. They arrived in Pennsylvania two days later. On that same day we also shipped 57 crates and 69 bundles of trees to our regular customers —

PACKING HOUSE — WESTERN MAINE FOREST NURSERY

The men in this picture have packed all the trees we have shipped for the past six years. They know how to handle and pack trees. They are just one of the reasons why we guarantee safe delivery and guarantee our trees to live.

YOU GET THE SAME SERVICE THAT "UNCLE SAM" RECEIVES

SAVING — NO! when the trees you buy DIE!

HERE ARE 10 ACRES OF ONCE AND TWICE TRANSPLANTED TREES THAT WILL LIVE

WHY our trees are guaranteed to live —

BECAUSE they have been transplanted every two years. BECAUSE this transplanting gives to the tree the proper root growth to feed the trees. BECAUSE they have been started in the finest soil best adapted for giving them a healthy, vigorous foundation.

DON'T buy trees by size. The market has been flooded with literature stressing the size of trees that can be bought for little money. No mention is made in such advertising of the age of the trees or of how many times they have been transplanted. Only about 50% of the trees sold on this basis live. DON'T BE FOOLED — Know what you are buying.

WE INTEND TO STAY IN THE NURSERY BUSINESS. WE WANT FRIENDS AND SATISFIED CUSTOMERS. WE OFFER YOU ONLY THE BEST TREES — TREES THAT WILL LIVE

OUR GUARANTEE

Ninety per cent of all trees sold at our regular prices as quoted in our fall 1933 price list (except seedlings) are guaranteed to live. If you will notify us before October 1, 1934, of the number over 10% which do not live, replacement will be made. Shipment will be made by express collect.

We do our part. YOU must do yours to make your trees live. Get them promptly from the express company. Unpack and plant immediately. DO NOT LET THE ROOTS DRY.

Here are the trees you find described in our price list as 2-2-2 white spruce, 6" to 12" and 12" to 18" tall. We sort them as we dig them. You get the size you order and they are a real buy at \$18.00 and \$22.00 per thousand.

SAVING — YES! when you buy these guaranteed trees
